

New equipment leads to new skills

Mambourin Enterprises has provided day programs for adults with a disability in Werribee since 1975. Mambourin now provides day programs for 190 adults with disability from sites in Werribee, Werribee South, Altona and Sunshine. It also provides supported employment for 60 people with disability in Packaging and Assembly, a Café, Bookshop, Plant Sales, Gardening and Recycled Water Carting.

A specialist program of Secure Document Destruction lead by Lucy McGrath provides opportunities for participants to learn new skills using various equipment purchased with the assistance of a grant from The Tattersall's George Adams Foundation. The Tattersall's George Adams Foundation supports and works in partnership with charities and non-for-profit organisations that are committed to making a positive impact in the community. The Foundation is a great supporter of initiatives that make an ongoing difference to society.

Kerry Payne , Chief Executive of the Tattersall's George Adams Foundation said "The Foundation remains passionate about creating equality of opportunity with particular emphasis towards those who are less fortunate and the needy. We recognise the long-term benefits that this support can deliver to individuals, and in turn, our communities as demonstrated by the Secure Document Destruction at Mambourin. The Foundation is pleased to have been of assistance in providing equipment to Mambourin's Secure Document Destruction Program."

Lucy and the Secure Document Destruction Team are well supported by a number of volunteers and many local businesses who appreciate the personalized service that they deliver. Lucy said "The new industrial shredder, bin lifter and compactor have made a huge difference in output and provides program participants a great opportunity to learn new skills. The grant provided by the Foundation will continue to make a difference to many people's lives and the environment by recycling paper."

Mambourin's Secure Document Destruction Service provides cost effective and guaranteed secure solutions for business, all with a positive social outcome. Ms McGrath can be contacted on 9731 8212.
