

1 October 2020

Dear Mambourin Community Member,

Earlier this week, the State Government announced metropolitan Melbourne would move to the Second Step of easing restrictions.

To date there have been no further changes to the restrictions relating to disability service providers.

However, changes made to the "reasons to leave home" will allow us to support Mambourin community members to meet up with each other for exercise or social activity. Effective 28 September the following is now permitted:

- Exercise and outdoor social activity with members of your household; or up to five people including you (and from a maximum of two households) - as long as you do not travel more than 5km from home. This needs to be in a public outdoor place (for example a local park).

You may have already been contacted by a member of our team to discuss taking up this option. If you haven't yet heard from us, or your needs have changed, please contact your local hub manager.

We will also continue to provide essential one-to-one supports at home, in the community and online. For customers with specific needs, one-to-one support may also occur in the hub.

I know many people can't wait to get back to group programs. In the meantime it has been wonderful to see our whole community adapt to new support options, stay connected online, and continue to reach their goals with one-to-one support.

Thank you for your willingness to try new things that help to keep us all safe.

Yours sincerely,

A handwritten signature in blue ink that reads "Rohan Braddy".

Rohan Braddy  
Chief Executive Officer
