Dear Mambourin Community Member,

Re: Reminder to report COVID-19 test results

Though we have all been enjoying some more freedom this year, unfortunately there are still many cases of COVID-19 in the community. I'd like to remind you of the steps you should take to protect yourself and our Mambourin community.

Testing requirements

If you receive a positive result on a RAT or PCR test you must:

- not attend any services
- inform us immediately of your result
- report RAT results to the Coronavirus hotline on 1800 675 398 or online: www.coronavirus.vic.gov.au/report
- follow the Department of Health instructions regarding isolation.

You must tell us as soon as you test positive so we can quickly inform anyone who has been in contact with you within the last 48 hours and ask them to isolate and test. This greatly minimises the risk of infecting other staff and community members.

We are also required to report all cases to both the State Government and the NDIS Commission and follow their instructions to ensure our services remain COVID-safe.

For a step-by-step guide on what to do if you test positive, visit: www.coronavirus.vic.gov.au/checklist-cases

If you have any questions or concerns, please don't hesitate to speak to your local hub manager or you can contact me directly on 0409 136 157 or CEO@mambourin.org.

Thank you for your ongoing efforts to keep everyone at Mambourin safe.

Yours sincerely,

A handwritten signature in blue ink that reads "Rohan Braddy".

Rohan Braddy
Chief Executive Officer
